

The U.S. Department of Energy's Office of Science is now accepting applications for the Office of Science Graduate Student Research (SCGSR) program **2020 Solicitation 1. Applications are due 5:00pm Eastern Time on May 6, 2020.**

I would like to bring to your attention 4 new transdisciplinary research areas for encouraging graduate training activities at the convergence of multiple disciplines and communities, including ***Microelectronics, Data Science, Fundamental Symmetries, and Accelerator Science***. We strongly encourage applications in these areas.

The SCGSR program provides doctoral dissertation/thesis research opportunities for graduate students at DOE national laboratories. Details about the program, research areas, and online application can be found at <https://science.osti.gov/wdts/scgsr/>.

I would appreciate it very much if you could help distribute the program announcement to interested faculty members and graduate students in your institution and community. Please see the program announcement below right after my signature.

Sincerely,

Ping Ge
